

# Rachael Thomeer

## *Major Special Events and Special Projects*

---

Rachael Thomeer works for The Dartmouth Institute for Health Policy and Clinical Practice as a Research Project Coordinator. Before she started working at Dartmouth, she spent three years working in New Hampshire politics. She cares about building community through events. Rachael started planning events in high school when she helped organize a local arts festival and never stopped. She is passionate about making the UV region more welcoming to young people.

Rachael spent two years as UVYP's Events Chair & Interim Public Relations Chair before changing gears in 2024. In her new role with UVYP, she plans major special events (singles events & more coming soon!) and manages the Insider's Guide to the Upper Valley, a resource she created in 2022.

In her free time, Rachael loves spending time outside and doing art projects such as sewing, quilting, glass working, and any other craft she can get her hands on. In 2022 she founded the One Night Only! 24-hour play festival in Thetford.

See Rachael's profile on [LinkedIn](#).
